LOOKING AHEAD -

11/11/2006: France's Association of Radio Amateurs of Paris will operate with the special call TM8KP for 15 days starting on the 11th November. The purpose is to celebrate the 80th anniversary of a radio contact between Joseph Nadal, F8KP, in Paris and Barbara Dunn, G6YL, in the U-K. Dunn was one of the first two female English hams to come onto the air in the early days of the hobby. [Tnx F5NQL]

11/11/2006: The Blackstone Valley ARC, W1DDD, will activate the Point Judith lighthouse (ARLHS USA-625, WW Loc. FN41GI), located at the west side of entrance to Narragansett Bay, Washington County, Rhode Island on November 11th. Activity will be on 40, 20 and 15 metres, between 1400 and 1800 UTC. QSL via operator's instructions. [Tnx ARLHS & K2JXW]

18/11/2006: The Air Force Base 128 of Metz ARC (F6KAT) will be active November 18th from 4 locations which each count for the French Fortresses and Castles Award, as follows: Ref 57020 Yser fortifications group by F8BNN/p; Ref 57021 Fort Champagne by F8EFU/p; Ref 57022 Fort de Vaux (different from that of the Verdun area) by F1APY/p; and Ref 57023 Lorraine Fortifications group by F6KAT/p. Start time will be around 0700 UTC, active all day. All references are located in the Department of Moselle (DDFM 57), Province of Lorraine (DPF 14). QSL via operator's instructions. [Tnx F5NQL]

18/11/2006: TZ5A MALI UPDATE - The VooDoo Contest Group will be TZ5A, for the second year, from Mali in the CQWW DX CW (November 25-26th), a Multi-Multi entry. Operators include Ned/AA7A, Roger/G3SXW, Fred/G4BWP, John/G4IRN, Rob/GM3YTS, Vince/K5VT, Mike/KC7V and Lee/KY7M. QSL via G3SXW, direct or bureau. In the 'pericontest' period they will operate with their own call signs and they will each handle their own QSLs. November 18-24th and Nov 27-30th look for TZ6NS (QSL via AA7A) to be QRV on RTTY and 2m EME, while TZ6MF (QSL via KC7V) will be on 160m and 2m EME. November 18-24th look for the following stations to be active: TZ6WP (QSL via G4BWP), TZ6RF (QSL via GM3YTS) also QRV 160m, TZ6VT (QSL via K5VT), and TZ6LF (QSL via KY7M). >From November 21-24th TZ6RN (QSL via G4IRN) will be QRV. [Tnx NG3K]

03/01/2007: A group of German radio amateurs: Bodo/DL3OCH ?, Ren?/DL2JRM, Dan/DL5SE ? and Daniel/DL5YWM will be active from Cay Sal Bank (NA-219) and lighthouse (ARLHS BAH-019, TWLHD-WLH C6-004, WLOTA LH-0681), Bahamas. NA-219 belongs to the most wanted IOTAs in North America. A call sign will published later. The team leave Key Largo, Florida around January 3rd and plan to be QRV until January 9th. The date can vary because of the weather. Two stations will operate from 160m-10m in CW / SSB on the well known IOTA-frequencies. Bodo/DL3OCH will take EME-Equipment which is good for 70cm & 23cm contacts. It will be the first time that the C6A-prefix is on the air on 23cm. Skeds are very welcome. Due to the high costs (just 7000 $ only for transportation) any donations are welcome. The QSL-manager is DL3OCH. For more update information check the webside www.qslnet.de/na219 [Tnx DL5YWM]

SPECIAL EVENTS -

02/11/2006: On November 3rd 1906 at the International Wireless Telegraph Convention held in Berlin, the final agreement was signed by 27 countries. This convention established 500kHz as a maritime radio frequency which subsequently became the international distress and calling frequency and remains so today in some parts of the world. The convention states "ships in distress shall use the following signal ...---... repeated at brief intervals". To mark this centenary the Radio Officers' Association will be on air using the call sign GB500KCS which has been issued for three days from the 2nd November. This special event will form the launch of the Radio Officers' Association campaign for 500kHz to be recognised internationally as a 'heritage' frequency. SOS came into common use on 1st July 1908 but some Marconi manned ships continued to use CQD often as well as SOS. The Titanic was not, as commonly supposed, the first ship to use SOS. Friday 3rd November is the centenary of the signing of the Berlin International Wireless Telegraphy Convention agreement. It established 500kc/s as the maritime calling and distress frequency and SOS as the distress signal. The Radio Officers' Association are launching their campaign to have 500kHz recognised as a heritage frequency with the call sign GB500KCS on 3rd November from the Lizard Wireless station, and on 4th November from the Poldhu Marconi Centre. In addition, on 2nd, 3rd and 4th November a special station will be activated by members of INORC with the call sign IY1SP/500KCS from La Spezia (Mount Parodi). La Spezia is where Marconi did his first experiments with ships when he sent messages to Italian navy ships. QSL via I1SAF. [Tnx Southgate ARC]

03/11/2006: Look for special event station ON25CLM to be aired November 3rd up to and including November 12th to celebrate 25 years of club station ON4CLM located in Knokke - Heist, Belgium. Frequencies are as follows: SSB - 3.760, 7.060, 14.260, 18.160, 21.360, 28.360 and 144.250 MHz; CW - 3.525, 7.025, 10.118, 14.050, 18.070, 21.050, 24.897, 28.050 and 144.020 MHz; FM 145.475 MHz. QSL via ON4CLM, direct or by the bureau. Further information can be found at www.on4clm.be/ [Tnx ON4CLM]

04/11/2006: The United Kingdom's H-M-S Hood Association will be airing special event station GB2HA from November 4th to the 12th. This, in remembrance of the famous British battleship of World War 2. The H-M-S Hood was the pride of the British Naval Fleet at the start of the Second World War. She was destroyed in one of the most famous naval battles of all time. On 24th May 1941 in the Denmark Strait, the Hood and fellow Royal Navy warship the Prince of Wales took on German battleships Bismarck and the Prinz Eugen. The Hood was sunk in the ensuing battle and only three members of her 1,421 crew survived. The HMS Hood Association was set up in 1975. The G-B-2-H-A special event station has been aired every year since 1995. The frequencies being used this year are 40, 20 and 2m. The station's operator Malcolm Butler, G-0-L-M-D, plans to make contacts with radio amateurs both in the UK and world-wide. You can find out more about the Hood Association by taking your web browser to www.hmshood.com [Tnx F5NQL]

04/11/2006: Members of the Association of Radioamateurs of Paris (ARP) will operate special event station 4U60UO to mark the conclusion of the 60-week long 60th anniversary celebration of the United Nations Educational, Scientific and Cultural Organization (UNESCO). The station will be on the air from UNESCO Headquarters in Paris Saturday and Sunday, November 4-5. 4U60UO will operate all modes -- including CW, SSB, SSTV, PSK31, satellites and hamDRM -- and all bands from 1.8 MHz to 47 GHz (except for 6 meters). Chartered November 16, 1945, UNESCO marked its 60th anniversary by selecting 60 themes to highlight the 60 weeks between September 5, 2005, and November 4, 2006. Each contacted operator will receive a special chart QSL and a

diploma will be published for this occasion, via F6KVP. [Tnx RW3AH]

04/11/2006: Special event station TM7BV will be aired November 4th to commemorate the 90th anniversary of the 1916 Verdun Battle. The station will be located in the visitor's area of the historical Fort of Vaux, starting 0730 UTC. Activity will be on 3555, 3655, 7005 and 7055 KHz and also on 144.255 Mhz. A second team will operate another HF station from the town hall of the village of Vaux, in front of On next sSaturday, Nov 4th, TM7BV will be activated from the interior of the historical Fort of the rests of the destroyed village of DAMPL OUP. QSL via F5NPS, direct or by the bureau. [Tnx F5NQL]

05/11/2006: Ely, G3PWK, will be running Special Event station (has RSARS affiliated number) GB5EG (El Gamil - the airfield onto which 3 Para Bn Grp parachuted on 5th November) from 5th to 6th November 2006. There will be no operation on 4th November as he will be travelling to Aldershot to attend the Bn Grp dinner. At lunchtime on 5th November he will be attending 3 Tp. 9 Para Sqn RE Dinner so operation will not commence until evening when he returns from Aldershot. QSL via operator's instructions. [Tnx F5NQL]

11/11/2006: France's Association of Radio Amateurs of Paris (F6KVP) will operate with the special call TM8KP for 15 days starting on the 11th November. The purpose is to celebrate the 80th anniversary of a radio contact between Joseph Nadal, F8KP, in Paris and Barbara Dunn, G6YL, in the U-K. Dunn was one of the first two female English hams to come onto the air in the early days of the hobby. [Tnx F5NQL]

FROM Gianni I1HYW -

Just to thank all who have already written to confirm their Special callsign for the 4th AAW (19-25 February 2007). On WAP web site, by clicking on the AAW banner (www.ddxc.net/wap/aaw.php?data=2007) you will have the access to the actual list of participants.
I know that many more are waiting their special call from the local authorities, so the list will be updated regularly on the basis of information received.

Antarctic Activity Week, is celebrating every years on last week of February, in concomitance with the 22nd of February, when the Argentinians rejoice the Argentine's Antarctica Day (DIA DE LA ANTARTIDA ARGENTINA see www.marambio.aq).
This invitation, is addressed to all Radio Amateurs (OMs & SWLs) around the world, to the Clubs and Organizations as well as other important groups and individual operators WW who would like to join and share with us, this initiative.
Apply for your ANT special call, let us know about it in order to issue your WAP reference and be ready on time to join us.
Club stations of the Antarctic Institutes, as well as Antarctic Organizations such as LU2CN (WAP-36), Servicio Auxiliar de la Armada who care the Antarctic matters in Argentina, or any eventual other of such stations, are welcome to join WAP Antarctic Activity Week.
Several are the station already booked for next year's event, and you can see their calls listed in the 2007 session.
AAW is the unique event WW, where Hams are celebrating Antarctica and our friends working down there.

OMs and SWLs, have to work as many Special Prefixes, as well as many Antarctic stations as possible.
Nobody will have to give progressive numbers, nothing at all; just working and logging as many Special Event stations as possible, as a DX stile.
For Award collectors, WAP-ASEA (Antarctic Special Event Award), managed by ARI Cassino, is covering this particular field:
